

WARD 1 Meeting: TRANSPORTATION

Wednesday, April 29 7:00-9:00 pm

Stoneybrook Lodge Clubhouse, 4710 SW Hollyhock Circle

Join neighbors for a Q&A with City staff about Transportation issues in Ward 1.

Staff will give a brief overview and then respond to questions you might have such as:

- Substandard streets – many streets in Ward 1 weren't built to City standards. What are our options for maintaining or improving them?
- What is the City doing to make alternative transportation methods convenient and safe for bike riders, pedestrians and transit users?
- The City Council has a goal of maintaining a sustainable budget which includes doing an assessment of infrastructure. How could this impact neighborhoods in Ward 1?
- The City is working with ODOT on a new Transportation System Plan. What are the expected outcomes? How can we give input?

Attending:

- Mary Steckel, Director, Public Works
- Karen Emery, Director, Parks and Recreation
- Benton County representative
- Transit and Bike/Pedestrian advisory board reps
- Councilor Penny York york.penny58@gmail.com
